NOTES TO EDITOR :

Avenida means avenue in Spanish, a word filled with connotations of discovery. It's exactly what **Isabel Saiz** had in mind when she founded Avenida Home in 2010. Her dream; to bring new and unexpected designs, beauty and quality to home accessories.

Tablemats, placemats and coasters - Made by laminating exquisite prints over the highest quality wooden board. A protective melamine coating is then applied to the face and non-slip, black baize felt or cork on the underside. Heat resistant to 160°C.

Birch wood trays - Individually hand made from the finest Scandinavian birch wood specifically sourced for its fine grain and rare width - the trays have no joins and are made from single sheets of birch providing a high quality finish and longevity of use.

Linens - 100% European linen. Tablecloths and Kitchen Towels have mitred corners. Machine washable.

Ceramics - Made of fine but durable porcelain these colourful mugs are sprayed glazed by hand - only this way can we achieve the beautiful enamel like finish and the unique colours. The quirky flower motive glistens in metallic gold.

Chopping Boards - Made in Sweden from high quality waterproof birch wood ply, they can be used as cheese and charcuterie boards on the table.

Glass platters - Made from 100% recycled glass and printed in England, they are heat resistant to 180°C. Perfect as a decorative surface protector.

Price for these affordable luxuries ranges from £6 to £300
